Our Services

1

Extensive Offerings 🏠

From home cleaning to repairs and maintenance, our versatile services cover all aspects of household management.

2

Professional Expertise ⭐

Trained professionals to handle their fields service, ensuring the highest quality standards and attention to detail.

3

Convenient Booking And Requesting 🕒

With a user-friendly interface designed for ease, booking your service is just a few clicks away by just requesting for that service.

Project Objective

The Project focuses on developing a service portal that enhances user experience by streamlining service requests and providing efficient service management.

The project aims to replace traditional manual processes with an automated, user-friendly solution, leveraging advanced technologies to improve functionality and user satisfaction.

How it Works

1 Browse Services

Easily browse through our wide range of service categories to find what you need.

3 Professional Visit

Sit back and relax while the professional arrives at your doorstep to deliver the service.

2 Select & Request

Select your desired service and request for the service with the specific provider.

4 Rating & feedback

Rate the service provider and write the feedback for the provider and the platform.

Customer Testimonials

Satisfied Customers

Discover what our satisfied customers have to say about their experience with Easy Way.

Heartwarming Stories

Read inspiring stories of how our services have made a positive impact on our customers' lives.

5

Exceptional Ratings

Find out why our services consistently receive high ratings and positive feedback from our customers.

Modules in the application

1

Admin module

Can Login to the application and manages the entire system i.e. users, workers, services, ratings and feedback.

2

User Module

User can login and search for their required services and can request to specific provider for the service.

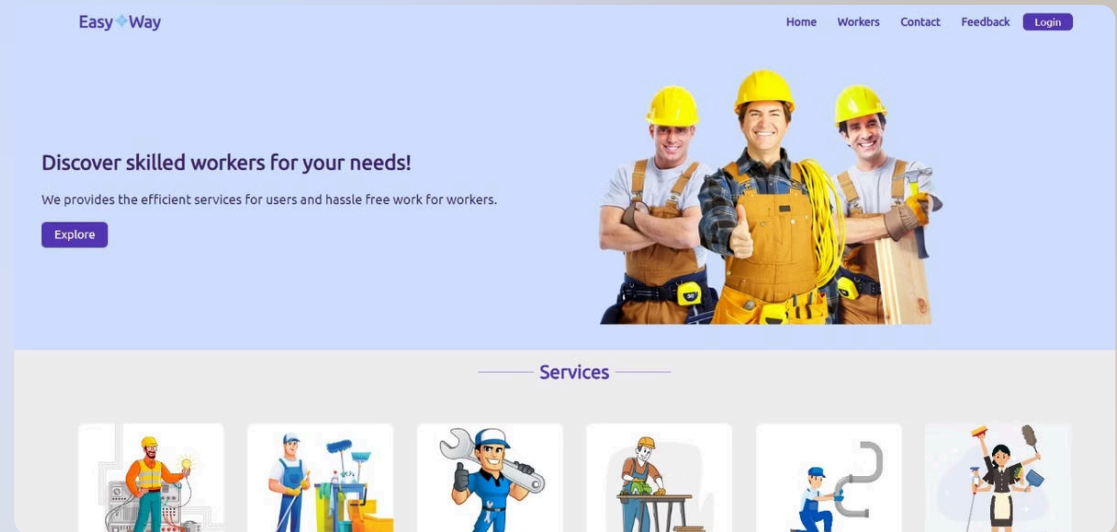

3

Worker module

Worker can register themselves according to their expertise and takes the request from the users.

Project Output

The final deliverable showcases the collaborative effort of our cross-functional team. Through their expertise and dedication, we have developed a comprehensive solution that addresses the client's key requirements.
